Infra Red Thermometer

SUPPORT K TYPE THERMOCOUPLE

Supports K type Thermocouple

Max, min, diff, avg record

Hi / Low alarm

User selectable °C or °F

Data hold

Low battery indicator

Auto power off

LCD backlight

Specifications:

Temperature Range	: -60°C to 500°C (-76°F to 932°F)
Distance to Spot	: 11 : 1
Display Resolution	: 0.1°
Best Accuracy	: ±1.0°C (1.8°F)
Response Time	: 1 second
Spectral Response	: 5 ~ 14 um
Emissivity Adjustable	: 0.10 to 1.00
Laser Sighting	: Single point diode laser < 1mW
Operating Temp.	: 0°C to 50°C
Size	: H175xD39xW72 mm
Power	: 2 x 1.5V (AAA battery)
Weight	: 179 g
Optional Accessories	: Penetration Probe, Air Probe, Surface Probe, Soft Case

IRtek

- One year warranty for unit and sparepart
- Calibration / verification facility using certified Black Body by IRtek Australia
