# Metrology Made Simple **Handheld Pressure Calibrator**

■ 0.02%, 0.05% FS Accuracy

Addited 273Ex

- Intrinsically Safe
- **Field Switchable Pressure Module**
- Dual Digital Pressure Module Inputs
- Color Touchscreen Display
- Built-in Quick Test Task Feature
- Built-in Barometer
- Intuitive Smartphone Like Interface
- Bluetooth and USB Communication
- Optional HART Communication
- Communicates with Additel's Link Mobile App

Additel 273Ex with ADT158Ex module

Additel's 273Ex is an Intrinsically safe handheld multifunctional pressure calibrator with a color touchscreen, smartphone like interface, built-in quick test tasks and optional HART communications capability. This innovative Addited product drastically improves explosion-proof field testing and calibration. The Addited 273Ex has a built-in atmospheric pressure sensor, so that absolute pressure and the gauge pressure are easily facilitated. With three pressure module inputs, one switchable at the bottom and two digital inputs on the side, the user can configure the setup accordingly and easily meet the needs of pressure calibration and testing in virtually any environment.

#### Intrinsically Safe:

ADT273Ex has passed the most stringent ATEX, IECEX intrinsic safety certifications from authoritative organizations. The explosion-proof level is Ex ia IIC T4 Ga. It can be widely used in potentially explosive gas environments, such as oil and gas platforms, refineries, chemical and petrochemical plants, pharmaceutical industry, energy and gas processing industry. Each intrinsically safe calibrator has an advance transflective color LCD display which has enhanced visibility when viewed in direct sunlight. No matter where your work takes you, these calibrators are up to the task.

#### A Modern User Experience:

Additel has gone above and beyond to provide our customers with the best possible experience when using this new and revolutionary calibrator. The color touchscreen display provides a refreshing and intuitive experience compared to other calibrators on the market. With an easy to navigate menu structure and fast touchscreen response, you will find the ADT273Ex calibrator simple yet powerful to use. The easy-to-read display isn't just fun to use, but it's built rugged to handle the demands of a busy technician in the field or the laboratory.

### **Optional HART Communication:**

With support for HART communication protocols, the ADT273Ex Handheld Pressure Calibrator provides a pressure calibration solution for transmitters over a wide pressure range. The ADT273Ex is a highly portable device and can measure pressure precisely with a field switchable pressure sensor, as well as read the current or mV produced by a transducer. It can even supply an excitation voltage (loop power) to power sensors or transmitters during calibration.

# **FUNCTIONAL FEATURES**

Functional Features	Details
Scaling	User can convert measured current, voltage and frequency values into pressure, temperature and flow values.  Three conversion functions available: linearity, square and square root
	Average sliding filter (sampling number: 1 ~ 50) First-order linear filter (First-order coefficient: 0.01 ~ 1)
Switch	The measurement value will be automatically displayed at the moment the switch change of state. The latest 8 state changes will be stored in the memory.
Pressure Tare	Tare value is set through the user interface
Pressure stability indicator	Stability time and criteria is selectable
Power management	Backlight auto off Auto power off

# **Specifications**

Top: 1 electrical signal measurement channel, 4/mm banana jacks   Right side: 2 channels for external digital pressure modules, 5-core dedicated aviation plug	Specifications					
Right side: 2 channels for external digital pressure modules, 5-core dedicated aviation plug	General Specifications					
Bottom: embedded digital pressure module (model ADT158Ex), field switchable.   Internal: 1 embedded atmospheric pressure sensor   ± 55 Pa		Top: 1 electrical signal measurement channel, φ4mm banana jacks

## PRESSURE TECHNICAL SPECIFICATIONS

Specifications	Specifications		
Pressure resolution	4, 5, or 6 digit resolution (user selectable)		
Measurement Units <sup>[1]</sup>	kPa, Pa, GPa, MPa, mPa, uPa, hPa, bar, mbar, torr, mtorr, atm, psi, psia, psig, gf/cm2, kgf/cm2, inH2O@4°C, inH2O@68°F, mmH2O@4°C, mmH2O@20°C, ftH2O@4°C, ftH2O@68°F, inHg@0°C, mmHg@0°C, lb/ft2, tsi, psf, inH2O@60°F, ftH2O@60°F, cmH2O@4°C, cmHg@0°C, mHg@0°C, kgf/m2		
Temperature Compensation	-10 °C~50 °C		
Pressure Module Type	Built-in digital pressure module: ADT158Ex, for more detailed information, please see ADT158Ex datasheet. External digital pressure module: ADT161Ex,for more detailed information, please see ADT161Ex datasheet.		
Specifications	Refer to the technical specification of the ADT158Ex and ADT161Ex		
High Static Pressure and Differential Pressure Synthesis Index <sup>[2]</sup>	Two modules must be with the same range; Typical Differential pressure accuracy of 0.002%FS or 0.02%RD, whichever is greater when using two 0.02%FS external modules.  Typical Differential pressure accuracy of 0.002%FS or 0.05%RD, whichever is greater when using two 0.05%FS external modules.		

[1] Available units are dependent on the overall pressure range.
[2] For more explanation, please reference application note "Achieving High Accuracy for High Static Differential Pressure Measurements".

## **ORDERING INFORMATION**

### Model Number

**HART Communication (Optional)** 

Note: The ADT273Ex can be purchased without the ADT158Ex module If needed using the following part numbers.

ADT273Ex-NO

ADT273Ex-NO-HART (includes HART Communication)

Accessories (included)				
Model number	Description	QTY		
9811Ex-X	1Ex-X 110V/220V external power adapter			
9704Ex	9704Ex Chargeable Li-ion battery  9025 Test leads			
9025				
9040	Hanging strap with magnet	1 pc		
9052Ex	Ex USB Cable type A to type C (For Ex models only)	1 pc		
	ISO 17025 accredited calibration certificate	1 pc		

Optional Accessories				
Model number	Description			
ADT158Ex	Built-in digital pressure module (see ADT158Ex datasheet)			
ADT161Ex	External digital pressure module (see ADT161 datasheet)			
9060	Pressure module connection cable			
9906A	Hard carrying case for handheld instrument with accessories			
9918-SC	Soft carrying case, with space for handheld instrument, test leads, and accessories			
9530-BASIC	Additel/Acal Automated calibration software with asset management, basic version			
9530-NET	Additel/Acal Automated calibration software with asset management, network version, includes server installation and 1 user license			

ADT158Ex pressure module - For use with ADT273Ex (bottom mount)
